May 6, 2020

Dear Parents and Guardians,

I hope all of you are enjoying getting outside with the snow being gone and the ice off area lakes. As we continue to do home learning I wanted to give you a few updates.

- **Friday, May 8 Home Learning**
  - We will continue to do home learning this Friday. The pre-Covid 19 school calendar had May 8 as a teacher in-service day. That will not be happening as teachers will be providing home learning instead.
- **Spring Outdoor Education**
  - Since the fall of 1981 North Lakeland has been getting students outside with the Outdoor Education program. We all know that we won't be having a traditional spring outdoor education program this year, but that shouldn't stop the idea of getting kids outside. With that in mind, we will be focusing our home learning on outdoor activities May 20, 21, & 22. Information about activities will be sent to you by your teacher.
- **Home Learning Grading**
  - Your child will receive either a Pass or No Grade for their home learning. This will be reflected on their report card at the end of the year. Report cards will be sent home after our last official school day in June.
- **Last Day of School**
  - The last day of school is June 10. We will be sending out more details about the final days including instructions on how to return any school items that your child may be using.

Sincerely,

Brent Jelinski
Superintendent
